Set contents	Connection cable x 1 User manual
Cord length	About 1.2 m
Weight	About 14 g

⚠ Safety precautions To use this product securely and safely, be sure to read the User Manual thoroughly before use.

⚠ Danger Never use this product in combination with any of the electric medical equipment described below.

1) Self-contained medical equipment such as a pacemaker, 2) life-support electric medical equipment such as an artificial heart-lung machine, and 3) wearable electric medical equipment such as an electrocardiograph. Failure to follow the above precautions may result in an accident or significant bodily harm.

⚠ Warnings If any of the following conditions apply to you, consult a doctor before using this product.

1) Acute disease, 2) malignant tumor, 3) infectious disease, 4) pregnancy, menstruation, or immediately after having given birth, 5) cardiac disorder, 6) body temperature of 38°C or higher (fever) [during acute onset of symptoms (fatigue, chill, blood pressure change, etc.) and debilitating condition], 7) slight anemia, 8) abnormality (infection, wound, etc.) in the skin of the area to be massaged, 9) abnormal blood pressure, 10) when requiring rest or when feeling very ill, 11) acute [pain] disorder such as spine fracture, ligament rupture, or torn muscle, 12) perceptual disorder due to severe peripheral circulatory failure such as diabetes, 13) particular feelings of physical discomfort other than the above.

Failure to do so may result in an accident or poor health.

○ Be sure to turn off the power when removing the gel sheet. Failure to do so may result in a strong electric shock.

○ If you feel unwell while using the product, stop using it immediately and consult a doctor. Failure to do so may result in an accident or poor health.

Cordless Low-frequency Pulse Massager

momicare

Just place it on
your skin!
Easy massage

When you're uncomfortable, just slap it on.

New "MOMICARE",
the evolution of
convenient massage.

Effectiveness/ Efficacy Relieves stiff shoulders, prevents paralyzed muscle from atrophying, and provides effective massages. This product is for home use only.

Home-use low-frequency massage device Controlled medical device

MOMICARE includes 5 modes and 10 strength settings. MOMICARE eases stiffness, pain, and fatigue.

Simple and easy to use

mode_1 Automatic

A 15-minute massage course consisting mainly of "Knead" and "Press" in addition to "Tap" and "Vibrate".

mode_2 Quick

A 7-minute massage course consisting of "Tap", "Vibrate", "Knead", and "Press". This course is appropriate for quickly easing fatigue.

Apply MOMICARE wherever it is needed

mode_3 Neck and shoulders

A massage course consisting of "Tap" and "Vibrate" to ease your neck and shoulders. This course also eases upper arm fatigue.

mode_4 Waist

A massage course consisting of "Tap", "Vibrate", and "Knead" to ease lassitude, heaviness, and fatigue of waist.

mode_5 Legs

A massage course consisting of "Knead", "Press", and "Vibrate" to ease thigh and calf fatigue.

MOMICARE employs a frequency range of 1 to 100 Hz that provides highly effective treatment and minimal muscle fatigue.

MOMICARE employs a soft cushion gel sheet.

The cushion gel sheet has a smooth feel that makes it pleasant and enjoyable to use. It can be removed and replaced, and multiple sheets can be used – one for each family member.

* Use the MXTS-200GEL series gel sheets as replacement sheets.

MOMICARE gives priority to ease of use and safety.

MOMICARE's thoughtful design enables you to turn it on and set the mode and strength by hand before attaching it where it is needed. The body detection sensor automatically stops MOMICARE as soon as the gel sheet leaves your skin.

Dedicated gel sheets* for each part of your body.

We recommend using these when you want to intensively massage the soles of your feet or massage a wide area such as your waist.

* Spot type/Wide type

Cordless and rechargeable

MOMICARE is a compact and cordless massage device with a built-in lithium-ion battery.

A recharging power supply adapter and USB cable are included. Once the battery is charged, you can use MOMICARE 7 times for about 15 minutes*.

The connection cable (sold separately) enables you to control MOMICARE by hand.

* When the strength level is set to 10 (maximum).
The number of repetitions varies according to mode.
